RE: SUPPORT FOR THE REZONING OF THE SOUTHERN HUMBOLDT COMMUNITY PARK

Dear Supervisors,

The Southern Humboldt Community Park was created in the year 2000 when local residents purchased 431-acres of land to create a park. The land is a beautiful mix of forest, meadows, and farmland, located one-mile from Garberville, with the Wild and Scenic South Fork Eel River flowing within its boundaries. The Park has the potential to be a crown jewel of the County.

The Southern Humboldt Community Park property requires a change of landuse designation to Public Recreation on 400-acres and a rezoning from Agriculture Exclusive to Public Facility on approximately 90-acres.

This rezoning is necessary to fulfill the community's intended uses for this property. It will provide us with trails, a playground, a place for gathering, events, and much needed sports facilities.

The Southern Humboldt community is proud that we have created a park that can support itself independently. We request that you allow our community to use this property for public benefit.

Please support the change in zoning for the Southern Humboldt Community Park.

Sincerely, *Rena Kay*

The land is a beautiful mix of forest, meadows, and farmland, located one-mile from Garberville, with the Wild and Scenic South Fork Eel River flowing within its boundaries. The Park has the potential to be a crown jewel of the County.

The Southern Humboldt Community Park property requires a change of landuse designation to Public Recreation on 400-acres and a rezoning from Agriculture Exclusive to Public Facility on approximately 90-acres.

This rezoning is necessary to fulfill the community's intended uses for this property. It will provide us with trails, a playground, a place for gathering, events, and much needed sports facilities.

The Southern Humboldt community is proud that we have created a park that can support itself independently. We request that you allow our community to use this property for public benefit.

Please support the change in zoning for the Southern Humboldt Community Park.

Sincerely,

Southern Humboldt Community Park Mission Statement:

We exist because...

We believe the inherent beauty and value of the natural landscape is tied to our cultural history and weaves vitality and meaning into the fabric of our daily lives. We have acquired 430 acres of meadow, forest and historic ranch structures alongside the Eel River to establish a regional park. Our goal is to create opportunities for recreation, culture, agriculture, education and celebration and to ensure the enjoyment of this rich, diverse land for generations to come and to conserve the Park's scenic, historic and natural resources.

In order to fulfill this mission The Park needs to rezone about 95 acres to Public Facility and change the land use designation to Public Recreation through a General Plan Amendment

We the undersigned support the SHCP General Plan Amendment effort:

Southern Humboldt Community Park Mission Statement:

We exist because...

We believe the inherent beauty and value of the natural landscape is tied to our cultural history and weaves vitality and meaning into the fabric of our daily lives. We have acquired 430 acres of meadow, forest and historic ranch structures alongside the Eel River to establish a regional park. Our goal is to create opportunities for recreation, culture, agriculture, education and celebration and to ensure the enjoyment of this rich, diverse land for generations to come and to conserve the Park's scenic, historic and natural resources.

In order to fulfill this mission The Park needs to rezone about 95 acres to Public Facility and change the land use designation to Public Recreation through a General Plan Amendment

We the undersigned support the SHCP General Plan Amendment effort:

Southern Humboldt Community Park Mission Statement:

We exist because...

We believe the inherent beauty and value of the natural landscape is tied to our cultural history and weaves vitality and meaning into the fabric of our daily lives. We have acquired 430 acres of meadow, forest and historic ranch structures alongside the Eel River to establish a regional park. Our goal is to create opportunities for recreation, culture, agriculture, education and celebration and to ensure the enjoyment of this rich, diverse land for generations to come and to conserve the Park's scenic, historic and natural resources.

In order to fulfill this mission The Park needs to rezone about 95 acres to Public Facility and change the land use designation to Public Recreation through a General Plan Amendment

We the undersigned support the SHCP General Plan Amendment effort:

 Eureka, CA 95501

We, the undersigned, support a zoning change to Public Recreation for the Southern Humboldt Community Park and we want you to approve public access to our park now.

The Southern Humboldt Community Park is a community asset that has been meeting the social, civic, and recreational needs of the Southern Humboldt community for more than eight years. Unfortunately, the current AE zoning prevents us from using the park, as we intended, for public gatherings and recreation.

Public Recreation zoning is the best choice for the Community Park and is compatible with many agricultural uses. There is currently more agricultural at the park than anytime in the past half century. It is of the utmost importance that you reinstate Public Recreation zoning for the Southern Humboldt Community Park properties in the staff recommended alternative for the General Plan Update. This issue is of critical importance for our community and deserves a creative, forward thinking and equitable solution to a complex problem.

FIND A WAY TO LET US USE OUR PARK NOW.

Supplemental #1

Correspondence submitted by Applicant for PC Hearing

Planning Commission
825 Fifth Street, Rm 111
Eureka, CA 95501

Dear Commissioners,

The Southern Humboldt Community Park project will be a topic on your agenda on January 5, 2017. Community members contributed \$650,000 toward the purchase of this property in the year 2000 to create a Community Park.

We have enclosed letters of support and signed petitions that have been collected to show the support for the Southern Humboldt Community Park's rezoning and for features of the project.

- **Letters of Support for rezoning:** This is one file containing 588 individual letters of support
- **2 files with Petitions to Rezone 1:** These petitions containing 408 signatures in support of the rezoning
- **Support for Events:** This petition contains 181 signatures
- **Sport field Support:** This petition contains 52 signatures

In addition, I have enclosed information from several of *Community Planning Sessions* input sessions and a short evaluation of a survey completed by 433 people in 2012.

It is interesting to note that community input has remained consistent over more than a decade. There are a few folks whose opinions and they are quite prolific at emails and letter writing.

We have worked very hard to mitigate everyone's concerns that have come before us. The overall community input that we receive has remained unchanged for more than a decade.

Sincerely,

Kathryn Lobato
Executive Director

Southern Humboldt Community Park
PO Box 185,
Garberville, CA 95542
707 923-2928

Community Scoping Meeting
Topic: Events at the Southern Humboldt Community Park
Redway School Auditorium
March 18th Meeting:

This was one of seven scoping sessions held during the planning phase of this project. The topic of this session was events at the Community Park. There were approximately 65 attendees at this session.

The following is a tally to gage community support for the events at the Park:

Festival sized event at the Community Park	
Participant tally	
Yes, in favor	30
Yes, with conditions:	10
Only with conditions:	7
No, opposed	3

Comments:

Add another Large event like Summer Arts
 Beware of pressure for more large events

Medium sized events at the Community Park	
800+ attendance	
Participant tally	
Yes, in favor of six events	10
Yes, with conditions*	35
Yes, in favor of more than 6 events	5
No	1

Small sized events at the Community Park	
(for example: attendance of 300 or less)	
Participant tally	
Yes, in favor of all small events	25
Yes if 300 or less	8
Yes with conditions*	8
No	0

* **Conditions:** Types of conditions mentioned included a having a limited number of events (4 was popular), sound, curfew, parking, water, alcohol
