RE: SUPPORT FOR THE REZONING OF THE SOUTHERN HUMBOLDT COMMUNITY PARK

Dear Supervisors,

The Southern Humboldt Community Park was created in the year 2000 when local residents purchased 431-acres of land to create a park. The land is a beautiful mix of forest, meadows, and farmland, located one-mile from Garberville, with the Wild and Scenic South Fork Eel River flowing within its boundaries. The Park has the potential to be a crown jewel of the County.

The Southern Humboldt Community Park property requires a change of landuse designation to Public Recreation on 400-acres and a rezoning from Agriculture Exclusive to Public Facility on approximately 90-acres.

This rezoning is necessary to fulfill the community's intended uses for this property. It will provide us with trails, a playground, a place for gathering, events, and much needed sports facilities.

The Southern Humboldt community is proud that we have created a park that can support itself independently. We request that you allow our community to use this property for public benefit.

Please support the change in zoning for the Southern Humboldt Community Park.

Sincerely,

Gina Wiley

The Park has the potential to be a crown jewel of the County.

The Southern Humboldt Community Park property requires a change of landuse designation to Public Recreation on 400-acres and a rezoning from Agriculture Exclusive to Public Facility on approximately 90-acres.

This rezoning is necessary to fulfill the community's intended uses for this property. It will provide us with trails, a playground, a place for gathering, events, and much needed sports facilities.

The Southern Humboldt community is proud that we have created a park that can support itself independently. We request that you allow our community to use this property for public benefit.

Please support the change in zoning for the Southern Humboldt Community Park.

Sincerely,

Kyle L. Mattingly

RE: SUPPORT FOR THE REZONING OF THE SOUTHERN HUMBOLDT COMMUNITY PARK

Dear Supervisors,

The Southern Humboldt Community Park was created in the year 2000 when local residents purchased 431-acres of land to create a park. The land is a beautiful mix of forest, meadows, and farmland, located one-mile from Garberville, with the Wild and Scenic South Fork Eel River flowing within its boundaries. The Park has the potential to be a crown jewel of the County.

The Southern Humboldt Community Park property requires a change of landuse designation to Public Recreation on 400-acres and a rezoning from Agriculture Exclusive to Public Facility on approximately 90-acres.

This rezoning is necessary to fulfill the community's intended uses for this property. It will provide us with trails, a playground, a place for gathering, events, and much needed sports facilities.

The Southern Humboldt community is proud that we have created a park that can support itself independently. We request that you allow our community to use this property for public benefit.

Please support the change in zoning for the Southern Humboldt Community Park.

The land is a beautiful mix of forest, meadows, and farmland, located one-mile from Garberville, with the Wild and Scenic South Fork Eel River flowing within its boundaries. The Park has the potential to be a crown jewel of the County.

The Southern Humboldt Community Park property requires a change of landuse designation to Public Recreation on 400-acres and a rezoning from Agriculture Exclusive to Public Facility on approximately 90-acres.

This rezoning is necessary to fulfill the community's intended uses for this property. It will provide us with trails, a playground, a place for gathering, events, and much needed sports facilities.

The Southern Humboldt community is proud that we have created a park that can support itself independently. We request that you allow our community to use this property for public benefit.

Please support the change in zoning for the Southern Humboldt Community Park.

The land is a beautiful mix of forest, meadows, and farmland, located one-mile from Garberville, with the Wild and Scenic South Fork Eel River flowing within its boundaries. The Park has the potential to be a crown jewel of the County.

The Southern Humboldt Community Park property requires a change of landuse designation to Public Recreation on 400-acres and a rezoning from Agriculture Exclusive to Public Facility on approximately 90-acres.

This rezoning is necessary to fulfill the community's intended uses for this property. It will provide us with trails, a playground, a place for gathering, events, and much needed sports facilities.

The Southern Humboldt community is proud that we have created a park that can support itself independently. We request that you allow our community to use this property for public benefit.

Please support the change in zoning for the Southern Humboldt Community Park.

Sincerely,

The Park has the potential to be a crown jewel of the County.

The Southern Humboldt Community Park property requires a change of landuse designation to Public Recreation on 400-acres and a rezoning from Agriculture Exclusive to Public Facility on approximately 90-acres.

This rezoning is necessary to fulfill the community's intended uses for this property. It will provide us with trails, a playground, a place for gathering, events, and much needed sports facilities.

The Southern Humboldt community is proud that we have created a park that can support itself independently. We request that you allow our community to use this property for public benefit.

Please support the change in zoning for the Southern Humboldt Community Park.

Sincerely,

RE: SUPPORT FOR THE REZONING OF THE SOUTHERN HUMBOLDT COMMUNITY PARK

Dear Supervisors,

The Southern Humboldt Community Park was created in the year 2000 when local residents purchased 431-acres of land to create a park. The land is a beautiful mix of forest, meadows, and farmland, located one-mile from Garberville, with the Wild and Scenic South Fork Eel River flowing within its boundaries. The Park has the potential to be a crown jewel of the County.

The Southern Humboldt Community Park property requires a change of landuse designation to Public Recreation on 400-acres and a rezoning from Agriculture Exclusive to Public Facility on approximately 90-acres.

This rezoning is necessary to fulfill the community's intended uses for this property. It will provide us with trails, a playground, a place for gathering, events, and much needed sports facilities.

The Southern Humboldt community is proud that we have created a park that can support itself independently. We request that you allow our community to use this property for public benefit.

RE: SUPPORT FOR THE REZONING OF THE SOUTHERN HUMBOLDT COMMUNITY PARK

Dear Supervisors,

The Southern Humboldt Community Park was created in the year 2000 when local residents purchased 431-acres of land to create a park. The land is a beautiful mix of forest, meadows, and farmland, located one-mile from Garberville, with the Wild and Scenic South Fork Eel River flowing within its boundaries. The Park has the potential to be a crown jewel of the County.

The Southern Humboldt Community Park property requires a change of landuse designation to Public Recreation on 400-acres and a rezoning from Agriculture Exclusive to Public Facility on approximately 90-acres.

This rezoning is necessary to fulfill the community's intended uses for this property. It will provide us with trails, a playground, a place for gathering, events, and much needed sports facilities.

The Southern Humboldt community is proud that we have created a park that can support itself independently. We request that you allow our community to use this property for public benefit.

Please support the change in zoning for the Southern Humboldt Community Park.

Sincerely,

RE: SUPPORT FOR THE REZONING OF THE SOUTHERN HUMBOLDT COMMUNITY PARK

Dear Supervisors,

The Southern Humboldt Community Park was created in the year 2000 when local residents purchased 431-acres of land to create a park. The land is a beautiful mix of forest, meadows, and farmland, located one-mile from Garberville, with the Wild and Scenic South Fork Eel River flowing within its boundaries. The Park has the potential to be a crown jewel of the County.

The Southern Humboldt Community Park property requires a change of landuse designation to Public Recreation on 400-acres and a rezoning from Agriculture Exclusive to Public Facility on approximately 90-acres.

This rezoning is necessary to fulfill the community's intended uses for this property. It will provide us with trails, a playground, a place for gathering, events, and much needed sports facilities.

The Southern Humboldt community is proud that we have created a park that can support itself independently. We request that you allow our community to use this property for public benefit.

Please support the change in zoning for the Southern Humboldt Community Park.

Sincerely,

RE: SUPPORT FOR THE REZONING OF THE SOUTHERN HUMBOLDT COMMUNITY PARK

Dear Supervisors,

The Southern Humboldt Community Park was created in the year 2000 when local residents purchased 431-acres of land to create a park. The land is a beautiful mix of forest, meadows, and farmland, located one-mile from Garberville, with the Wild and Scenic South Fork Eel River flowing within its boundaries. The Park has the potential to be a crown jewel of the County.

The Southern Humboldt Community Park property requires a change of landuse designation to Public Recreation on 400-acres and a rezoning from Agriculture Exclusive to Public Facility on approximately 90-acres.

This rezoning is necessary to fulfill the community's intended uses for this property. It will provide us with trails, a playground, a place for gathering, events, and much needed sports facilities.

The Southern Humboldt community is proud that we have created a park that can support itself independently. We request that you allow our community to use this property for public benefit.

Please support the change in zoning for the Southern Humboldt Community Park.

Sincerely,

A handwritten signature in cursive script, appearing to read "Tommy Whitton". The signature is written in black ink and is positioned to the right of the word "Sincerely,".

The land is a beautiful mix of forest, meadows, and farmland, located one-mile from Garberville, with the Wild and Scenic South Fork Eel River flowing within its boundaries. The Park has the potential to be a crown jewel of the County.

The Southern Humboldt Community Park property requires a change of landuse designation to Public Recreation on 400-acres and a rezoning from Agriculture Exclusive to Public Facility on approximately 90-acres.

This rezoning is necessary to fulfill the community's intended uses for this property. It will provide us with trails, a playground, a place for gathering, events, and much needed sports facilities.

The Southern Humboldt community is proud that we have created a park that can support itself independently. We request that you allow our community to use this property for public benefit.

Please support the change in zoning for the Southern Humboldt Community Park.

Sincerely,

Elizabeth Lewin-Arnold

The land is a beautiful mix of forest, meadows, and farmland, located one-mile from Garberville, with the Wild and Scenic South Fork Eel River flowing within its boundaries. The Park has the potential to be a crown jewel of the County.

The Southern Humboldt Community Park property requires a change of landuse designation to Public Recreation on 400-acres and a rezoning from Agriculture Exclusive to Public Facility on approximately 90-acres.

This rezoning is necessary to fulfill the community's intended uses for this property. It will provide us with trails, a playground, a place for gathering, events, and much needed sports facilities.

The Southern Humboldt community is proud that we have created a park that can support itself independently. We request that you allow our community to use this property for public benefit.

Please support the change in zoning for the Southern Humboldt Community Park.

Sincerely,

Dear Supervisors,

The Southern Humboldt Community Park was created in the year 2000 when local residents purchased 431-acres of land to create a park. The land is a beautiful mix of forest, meadows, and farmland, located one-mile from Garberville, with the Wild and Scenic South Fork Eel River flowing within its boundaries. The Park has the potential to be a crown jewel of the County.

The Southern Humboldt Community Park property requires a change of landuse designation to Public Recreation on 400-acres and a rezoning from Agriculture Exclusive to Public Facility on approximately 90-acres.

This rezoning is necessary to fulfill the community's intended uses for this property. It will provide us with trails, a playground, a place for gathering, events, and much needed sports facilities.

The Southern Humboldt community is proud that we have created a park that can support itself independently. We request that you allow our community to use this property for public benefit.

Please support the change in zoning for the Southern Humboldt Community Park.

Sincerely,

Freshwater, CA

The Park has the potential to be a crown jewel of the County.

The Southern Humboldt Community Park property requires a change of landuse designation to Public Recreation on 400-acres and a rezoning from Agriculture Exclusive to Public Facility on approximately 90-acres.

This rezoning is necessary to fulfill the community's intended uses for this property. It will provide us with trails, a playground, a place for gathering, events, and much needed sports facilities.

The Southern Humboldt community is proud that we have created a park that can support itself independently. We request that you allow our community to use this property for public benefit.

Please support the change in zoning for the Southern Humboldt Community Park.

Sincerely,

 5/31/15

RE: SUPPORT FOR THE REZONING OF THE SOUTHERN HUMBOLDT COMMUNITY PARK

Dear Supervisors,

The Southern Humboldt Community Park was created in the year 2000 when local residents purchased 431-acres of land to create a park. The land is a beautiful mix of forest, meadows, and farmland, located one-mile from Garberville, with the Wild and Scenic South Fork Eel River flowing within its boundaries. The Park has the potential to be a crown jewel of the County.

The Southern Humboldt Community Park property requires a change of landuse designation to Public Recreation on 400-acres and a rezoning from Agriculture Exclusive to Public Facility on approximately 90-acres.

This rezoning is necessary to fulfill the community's intended uses for this property. It will provide us with trails, a playground, a place for gathering, events, and much needed sports facilities.

The Southern Humboldt community is proud that we have created a park that can support itself independently. We request that you allow our community to use this property for public benefit.

Please support the change in zoning for the Southern Humboldt Community Park.

RE: SUPPORT FOR THE REZONING OF THE SOUTHERN HUMBOLDT COMMUNITY PARK

Dear Supervisors,

The Southern Humboldt Community Park was created in the year 2000 when local residents purchased 431-acres of land to create a park. The land is a beautiful mix of forest, meadows, and farmland, located one-mile from Garberville, with the Wild and Scenic South Fork Eel River flowing within its boundaries. The Park has the potential to be a crown jewel of the County.

The Southern Humboldt Community Park property requires a change of landuse designation to Public Recreation on 400-acres and a rezoning from Agriculture Exclusive to Public Facility on approximately 90-acres.

This rezoning is necessary to fulfill the community's intended uses for this property. It will provide us with trails, a playground, a place for gathering, events, and much needed sports facilities.

The Southern Humboldt community is proud that we have created a park that can support itself independently. We request that you allow our community to use this property for public benefit.

Please support the change in zoning for the Southern Humboldt Community Park.

Sincerely,

RE: SUPPORT FOR THE REZONING OF THE SOUTHERN HUMBOLDT COMMUNITY PARK

Dear Supervisors,

The Southern Humboldt Community Park was created in the year 2000 when local residents purchased 431-acres of land to create a park. The land is a beautiful mix of forest, meadows, and farmland, located one-mile from Garberville, with the Wild and Scenic South Fork Eel River flowing within its boundaries. The Park has the potential to be a crown jewel of the County.

The Southern Humboldt Community Park property requires a change of landuse designation to Public Recreation on 400-acres and a rezoning from Agriculture Exclusive to Public Facility on approximately 90-acres.

This rezoning is necessary to fulfill the community's intended uses for this property. It will provide us with trails, a playground, a place for gathering, events, and much needed sports facilities.

The Southern Humboldt community is proud that we have created a park that can support itself independently. We request that you allow our community to use this property for public benefit.

Please support the change in zoning for the Southern Humboldt Community Park.

Sincerely,

RE: SUPPORT FOR THE REZONING OF THE SOUTHERN HUMBOLDT COMMUNITY PARK

Dear Supervisors,

I am writing to request that you vote in support of the change in zoning for the Southern Humboldt Community Park. The Southern Humboldt Community Park was created in the year 2000 when local residents purchased 430-acres of land to create a park. The land is a beautiful mix of forest, meadows, and farmland, located one-mile from Garberville, with the Wild and Scenic South Fork Eel River flowing within its boundaries. The Park has the potential to be a crown jewel of the County.

In 2002 and 2009 public workshops revealed that the Southern Humboldt community envisioned their Park offering a variety of public amenities, many of which could not be legally developed under current zoning (Ag). These public amenities are still desired by the community today. Hence, the Southern Humboldt Community Park property requires a change in land use and a rezoning to Public Facility to allow public access and recreational uses at the Community Park. More than 300-acres will remain Agriculture Exclusive zoning for community-based agricultural projects. The rezone will provide us with:

- Enhanced trails for walking, biking and horseback riding,
- A place for public gathering and cultural and community events such as our beloved Annual Easter Egg Hunt,
- A space to host private events that will generate much needed revenue for the Park's operational expense,
- Much needed sports facilities for a growing number of young children and adults who play sports in Southern Humboldt.
- Opportunities for outdoor education, camping for youth, educational workshops
- Enhanced river access

Under the new zoning, community members will work together to bring new park amenities to life in balance with natural ecological systems and wildlife habitat that currently thrives on Park land. Water conservation is of the utmost importance with respect to the health of the Eel River watershed and the required mitigation measures in the EIR will assure preservation of the community's water supply down river.

The Southern Humboldt community is proud that we have created a park that can support itself independently. We request that you allow our community to use this property for public benefit. **Please support the change in zoning for the Southern Humboldt Community Park.**
Thank you for advancing this important project.

Sincerely, *Malcolm Stebbins* *MStebbin* 7/12/16

The Park has the potential to be a crown jewel of the County.

In 2002 and 2009 public workshops revealed that the Southern Humboldt community envisioned their Park offering a variety of public amenities, many of which could not be legally developed under current zoning (Ag). These public amenities are still desired by the community today. Hence, the Southern Humboldt Community Park property requires a change in land use and a rezoning to Public Facility to allow public access and recreational uses at the Community Park. More than 300-acres will remain Agriculture Exclusive zoning for community-based agricultural projects. The rezone will provide us with:

- Enhanced trails for walking, biking and horseback riding,
- A place for public gathering and cultural and community events such as our beloved Annual Easter Egg Hunt,
- A space to host private events that will generate much needed revenue for the Park's operational expense,
- Much needed sports facilities for a growing number of young children and adults who play sports in Southern Humboldt.
- Opportunities for outdoor education, camping for youth, educational workshops
- Enhanced river access

Under the new zoning, community members will work together to bring new park amenities to life in balance with natural ecological systems and wildlife habitat that currently thrives on Park land. Water conservation is of the utmost importance with respect to the health of the Eel River watershed and the required mitigation measures in the EIR will assure preservation of the community's water supply down river.

The Southern Humboldt community is proud that we have created a park that can support itself independently. We request that you allow our community to use this property for public benefit. **Please support the change in zoning for the Southern Humboldt Community Park. Thank you for advancing this important project.**

Sincerely,

Ransom Andrew Juiper

RE: SUPPORT FOR THE REZONING OF THE SOUTHERN HUMBOLDT COMMUNITY PARK

Dear Supervisors,

I am writing to request that you vote in support of the change in zoning for the Southern Humboldt Community Park. The Southern Humboldt Community Park was created in the year 2000 when local residents purchased 430-acres of land to create a park. The land is a beautiful mix of forest, meadows, and farmland, located one-mile from Garberville, with the Wild and Scenic South Fork Eel River flowing within its boundaries. The Park has the potential to be a crown jewel of the County.

In 2002 and 2009 public workshops revealed that the Southern Humboldt community envisioned their Park offering a variety of public amenities, many of which could not be legally developed under current zoning (Ag). These public amenities are still desired by the community today. Hence, the Southern Humboldt Community Park property requires a change in land use and a rezoning to Public Facility to allow public access and recreational uses at the Community Park. More than 300-acres will remain Agriculture Exclusive zoning for community-based agricultural projects. The rezone will provide us with:

RE: SUPPORT FOR THE REZONING OF THE SOUTHERN HUMBOLDT COMMUNITY PARK

Dear Supervisors,

We are writing to request that you vote in support of the change in zoning for the Southern Humboldt Community Park.

The Southern Humboldt Community Park was created in the year 2000 when local residents purchased 430-acres of land to create a park. The land is a beautiful mix of forest, meadows, and farmland, located one-mile from Garberville, with the Wild and Scenic South Fork Eel River flowing within its boundaries. The Park has the potential to be a crown jewel of the County.

The Southern Humboldt Community Park property requires a change in landuse and a rezoning to Public Facility to allow public access and recreational uses at the Community Park. More than 300-acres will remain Agriculture Exclusive zoning for community-based agricultural projects.

This rezoning is necessary to fulfill the community's intended uses for this property. It will provide us with trails, a playground, a place for gathering, events, and much needed sports facilities.

The Southern Humboldt community is proud that we have created a park that can support itself independently. We request that you allow our community to use this property for public benefit.

Please support the change in zoning for the Southern Humboldt Community Park.

Sincerely,

The Park has the potential to be a crown jewel of the County.

The Southern Humboldt Community Park property requires a change in landuse and a rezoning to Public Facility to allow public access and recreational uses at the Community Park. More than 300-acres will remain Agriculture Exclusive zoning for community-based agricultural projects.

This rezoning is necessary to fulfill the community's intended uses for this property. It will provide us with trails, a playground, a place for gathering, events, and much needed sports facilities.

The Southern Humboldt community is proud that we have created a park that can support itself independently. We request that you allow our community to use this property for public benefit.

Please support the change in zoning for the Southern Humboldt Community Park.

Sincerely,

Seth Glasson

RE: SUPPORT FOR THE REZONING OF THE SOUTHERN HUMBOLDT COMMUNITY PARK

Dear Supervisors,

We are writing to request that you vote in support of the change in zoning for the Southern Humboldt Community Park.

The Southern Humboldt Community Park was created in the year 2000 when local residents purchased 430-acres of land to create a park. The land is a beautiful mix of forest, meadows, and farmland, located one-mile from Garberville, with the Wild and Scenic South Fork Eel River flowing within its boundaries. The Park has the potential to be a crown jewel of the County.

The Southern Humboldt Community Park property requires a change in landuse and a rezoning to Public Facility to allow public access and recreational uses at the Community Park. More than 300-acres will remain Agriculture Exclusive zoning for community-based agricultural projects.

This rezoning is necessary to fulfill the community's intended uses for this property. It will provide us with trails, a playground, a place for gathering, events, and much needed sports facilities.

The Southern Humboldt community is proud that we have created a park that can support itself independently. We request that you allow our community to use this property for public benefit.

Please support the change in zoning for the Southern Humboldt Community Park.

Sincerely,

RE: SUPPORT FOR THE REZONING OF THE SOUTHERN HUMBOLDT COMMUNITY PARK

Dear Supervisors,

The Southern Humboldt Community Park was created in the year 2000 when local residents purchased 431-acres of land to create a park. The land is a beautiful mix of forest, meadows, and farmland, located one-mile from Garberville, with the Wild and Scenic South Fork Eel River flowing within its boundaries. The Park has the potential to be a crown jewel of the County.

The Southern Humboldt Community Park property requires a change of landuse designation to Public Recreation on 400-acres and a rezoning from Agriculture Exclusive to Public Facility on approximately 90-acres.

This rezoning is necessary to fulfill the community's intended uses for this property. It will provide us with trails, a playground, a place for gathering, events, and much needed sports facilities.

The Southern Humboldt community is proud that we have created a park that can support itself independently. We request that you allow our community to use this property for public benefit.

Please support the change in zoning for the Southern Humboldt Community Park.

Sincerely,

Dana Stolzman

RE: SUPPORT FOR THE REZONING OF THE SOUTHERN HUMBOLDT COMMUNITY PARK

Dear Supervisors,

The Southern Humboldt Community Park was created in the year 2000 when local residents purchased 431-acres of land to create a park. The land is a beautiful mix of forest, meadows, and farmland, located one-mile from Garberville, with the Wild and Scenic South Fork Eel River flowing within its boundaries. The Park has the potential to be a crown jewel of the County.

The Southern Humboldt Community Park property requires a change of landuse designation to Public Recreation on 400-acres and a rezoning from Agriculture Exclusive to Public Facility on approximately 90-acres.

This rezoning is necessary to fulfill the community's intended uses for this property. It will provide us with trails, a playground, a place for gathering, events, and much needed sports facilities.

The Southern Humboldt community is proud that we have created a park that can support itself independently. We request that you allow our community to use this property for public benefit.

Please support the change in zoning for the Southern Humboldt Community Park.

Sincerely,

Lisa Jodel

RE: SUPPORT FOR THE REZONING OF THE SOUTHERN HUMBOLDT COMMUNITY PARK

Dear Supervisors,

The Southern Humboldt Community Park was created in the year 2000 when local residents purchased 431-acres of land to create a park. The land is a beautiful mix of forest, meadows, and farmland, located one-mile from Garberville, with the Wild and Scenic South Fork Eel River flowing within its boundaries. The Park has the potential to be a crown jewel of the County.

The Southern Humboldt Community Park property requires a change of landuse designation to Public Recreation on 400-acres and a rezoning from Agriculture Exclusive to Public Facility on approximately 90-acres.

This rezoning is necessary to fulfill the community's intended uses for this property. It will provide us with trails, a playground, a place for gathering, events, and much needed sports facilities.

The Southern Humboldt community is proud that we have created a park that can support itself independently. We request that you allow our community to use this property for public benefit.

Please support the change in zoning for the Southern Humboldt Community Park.

Sincerely,

Susan Alban

RE: SUPPORT FOR THE REZONING OF THE SOUTHERN HUMBOLDT COMMUNITY PARK

Dear Supervisors,

The Southern Humboldt Community Park was created in the year 2000 when local residents purchased 431-acres of land to create a park. The land is a beautiful mix of forest, meadows, and farmland, located one-mile from Garberville, with the Wild and Scenic South Fork Eel River flowing within its boundaries. The Park has the potential to be a crown jewel of the County.

The Southern Humboldt Community Park property requires a change of landuse designation to Public Recreation on 400-acres and a rezoning from Agriculture Exclusive to Public Facility on approximately 90-acres.

This rezoning is necessary to fulfill the community's intended uses for this property. It will provide us with trails, a playground, a place for gathering, events, and much needed sports facilities.

The Southern Humboldt community is proud that we have created a park that can support itself independently. We request that you allow our community to use this property for public benefit.

Please support the change in zoning for the Southern Humboldt Community Park.

Sincerely,

PO BOX 2033

RE: SUPPORT FOR THE REZONING OF THE SOUTHERN HUMBOLDT COMMUNITY PARK

Dear Supervisors,

We are writing to request that you vote in support of the change in zoning for the Southern Humboldt Community Park.

The Southern Humboldt Community Park was created in the year 2000 when local residents purchased 430-acres of land to create a park. The land is a beautiful mix of forest, meadows, and farmland, located one-mile from Garberville, with the Wild and Scenic South Fork Eel River flowing within its boundaries. The Park has the potential to be a crown jewel of the County.

The Southern Humboldt Community Park property requires a change in landuse and a rezoning to Public Facility to allow public access and recreational uses at the Community Park. More than 300-acres will remain Agriculture Exclusive zoning for community-based agricultural projects.

This rezoning is necessary to fulfill the community's intended uses for this property. It will provide us with trails, a playground, a place for gathering, events, and much needed sports facilities.

The Southern Humboldt community is proud that we have created a park that can support itself independently. We request that you allow our community to use this property for public benefit.

Please support the change in zoning for the Southern Humboldt Community Park.

Sincerely,

The land is a beautiful mix of forest, meadows, and farmland, located one-mile from Garberville, with the Wild and Scenic South Fork Eel River flowing within its boundaries. The Park has the potential to be a crown jewel of the County.

The Southern Humboldt Community Park property requires a change in landuse and a rezoning to Public Facility to allow public access and recreational uses at the Community Park. More than 300-acres will remain Agriculture Exclusive zoning for community-based agricultural projects.

This rezoning is necessary to fulfill the community's intended uses for this property. It will provide us with trails, a playground, a place for gathering, events, and much needed sports facilities.

The Southern Humboldt community is proud that we have created a park that can support itself independently. We request that you allow our community to use this property for public benefit.

Please support the change in zoning for the Southern Humboldt Community Park.

Sincerely,

RE: SUPPORT FOR THE REZONING OF THE SOUTHERN HUMBOLDT COMMUNITY PARK

Dear Supervisors,

We are writing to request that you vote in support of the change in zoning for the Southern Humboldt Community Park.

The Southern Humboldt Community Park was created in the year 2000 when local residents purchased 430-acres of land to create a park. The land is a beautiful mix of forest, meadows, and farmland, located one-mile from Garberville, with the Wild and Scenic South Fork Eel River flowing within its boundaries. The Park has the potential to be a crown jewel of the County.

The Southern Humboldt Community Park property requires a change in landuse and a rezoning to Public Facility to allow public access and recreational uses at the Community Park. More than 300-acres will remain Agriculture Exclusive zoning for community-based agricultural projects.

This rezoning is necessary to fulfill the community's intended uses for this property. It will provide us with trails, a playground, a place for gathering, events, and much needed sports facilities.

The Southern Humboldt community is proud that we have created a park that can support itself independently. We request that you allow our community to use this property for public benefit.

The land is a beautiful mix of forest, meadows, and farmland, located one-mile from Garberville, with the Wild and Scenic South Fork Eel River flowing within its boundaries. The Park has the potential to be a crown jewel of the County.

The Southern Humboldt Community Park property requires a change of landuse designation to Public Recreation on 400-acres and a rezoning from Agriculture Exclusive to Public Facility on approximately 90-acres.

This rezoning is necessary to fulfill the community's intended uses for this property. It will provide us with trails, a playground, a place for gathering, events, and much needed sports facilities.

The Southern Humboldt community is proud that we have created a park that can support itself independently. We request that you allow our community to use this property for public benefit.

Please support the change in zoning for the Southern Humboldt Community Park.

RE: SUPPORT FOR THE REZONING OF THE SOUTHERN HUMBOLDT COMMUNITY PARK

Dear Supervisors,

We are writing to request that you vote in support of the change in zoning for the Southern Humboldt Community Park.

The Southern Humboldt Community Park was created in the year 2000 when local residents purchased 430-acres of land to create a park. The land is a beautiful mix of forest, meadows, and farmland, located one-mile from Garberville, with the Wild and Scenic South Fork Eel River flowing within its boundaries. The Park has the potential to be a crown jewel of the County.

The Southern Humboldt Community Park property requires a change in landuse and a rezoning to Public Facility to allow public access and recreational uses at the Community Park. More than 300-acres will remain Agriculture Exclusive zoning for community-based agricultural projects.

This rezoning is necessary to fulfill the community's intended uses for this property. It will provide us with trails, a playground, a place for gathering, events, and much needed sports facilities.

The Southern Humboldt community is proud that we have created a park that can support itself independently. We request that you allow our community to use this property for public benefit.

Please support the change in zoning for the Southern Humboldt Community Park.

Sincerely,

The Park has the potential to be a crown jewel of the County.

The Southern Humboldt Community Park property requires a change in landuse and a rezoning to Public Facility to allow public access and recreational uses at the Community Park. More than 300-acres will remain Agriculture Exclusive zoning for community-based agricultural projects.

This rezoning is necessary to fulfill the community's intended uses for this property. It will provide us with trails, a playground, a place for gathering, events, and much needed sports facilities.

The Southern Humboldt community is proud that we have created a park that can support itself independently. We request that you allow our community to use this property for public benefit.

Please support the change in zoning for the Southern Humboldt Community Park.

Sincerely,

RE: SUPPORT FOR THE REZONING OF THE SOUTHERN HUMBOLDT COMMUNITY PARK

Dear Supervisors,

We are writing to request that you vote in support of the change in zoning for the Southern Humboldt Community Park.

The Southern Humboldt Community Park was created in the year 2000 when local residents purchased 430-acres of land to create a park. The land is a beautiful mix of forest, meadows, and farmland, located one-mile from Garberville, with the Wild and Scenic South Fork Eel River flowing within its boundaries. The Park has the potential to be a crown jewel of the County.

The Southern Humboldt Community Park property requires a change in landuse and a rezoning to Public Facility to allow public access and recreational uses at the Community Park. More than 300-acres will remain Agriculture Exclusive zoning for community-based agricultural projects.

This rezoning is necessary to fulfill the community's intended uses for this property. It will provide us with trails, a playground, a place for gathering, events, and much needed sports facilities.

The Southern Humboldt community is proud that we have created a park that can support itself independently. We request that you allow our community to use this property for public benefit.

Please support the change in zoning for the Southern Humboldt Community Park.

Sincerely,

Sari Tedesco

Dear Supervisors,

We are writing to request that you vote in support of the change in zoning for the Southern Humboldt Community Park.

The Southern Humboldt Community Park was created in the year 2000 when local residents purchased 430-acres of land to create a park. The land is a beautiful mix of forest, meadows, and farmland, located one-mile from Garberville, with the Wild and Scenic South Fork Eel River flowing within its boundaries. The Park has the potential to be a crown jewel of the County.

The Southern Humboldt Community Park property requires a change in landuse and a rezoning to Public Facility to allow public access and recreational uses at the Community Park. More than 300-acres will remain Agriculture Exclusive zoning for community-based agricultural projects.

This rezoning is necessary to fulfill the community's intended uses for this property. It will provide us with trails, a playground, a place for gathering, events, and much needed sports facilities.

The Southern Humboldt community is proud that we have created a park that can support itself independently. We request that you allow our community to use this property for public benefit.

Please support the change in zoning for the Southern Humboldt Community Park.

Sincerely,

Shane Gillespie
423 West Madies Ln. Garberville CA.
